Slips, Trips, and Falls Prevention 2012

### Issue – S T F

- STF's represents <u>#1 cause of injury</u>
- STF's occur in any part of the school environment both inside and outside.
- STF's may result in serious outcomes and permanent injury
- STF's cost to both worker and employer can be great

#### To the Worker:

- •pain
- lost wages
- •temporary or permanent disability
- •reduced quality of life
- depression

#### To the <u>District</u>:

loss in employee effectiveness
increased WC insurance premiums
costs associated with substitutes
cost of medical treatment

## Definition of STF

When there is too little friction or traction between your feet (footwear) and the walking or working surface, and you lose your balance.

When your foot (or lower leg) hits an object and your upper body continues moving, throwing you off balance. Occurs when you are too far off your center of balance.

Fall

slip

When you step down unexpectedly to a lower surface (Misstep) and lose your balance, e.g., stepping off a curb.
