

# 50 CARE Employee Assistance

## What is 50 CARE?

50 Care is an Employee Assistance Program that is provided to all Greenwood School District Employees as an employee benefit. The program protects the employee's confidentiality while allowing the employee or an immediate family member to obtain free counseling services. Employees are the foundation of a school district and their health and wellness are vital to the instruction and education of our students.

Eligibility - Employees, their spouses and immediate family members (children under 19 or children enrolled in collage or vocational school who are under age 21) are entitled to the free service.

## Parameters and Costs

The 50 Care Program is a benefit and is offered at no cost for a maximum of 12 visits per fiscal year. Employee/dependent mental health benefits may be used when applicable.
